^(A) Inclusive of \$0.4 million, or \$0.01 per weighted-average common share, and \$5.6 million, or \$0.16 per weighted-average common share, of capital gains-based incentive fees accrued during the three months ended December 31, 2021 and September 30, 2021, respectively. These fees were accrued in accordance with United States generally accepted accounting principles ("GAAP"). As of December 31, 2021, only a portion of total capital gains-based incentive fees accrued under GAAP were contractually due under the terms of the investment advisory agreement. Also see discussion under Non-GAAP Financial Measure - Adjusted Net Investment Income below.

^(B) See Non-GAAP Financial Measure - Adjusted Net Investment Income, below, for a description of this non-GAAP measure and a reconciliation from Net investment income to Adjusted net investment income, including on a weighted-average per share basis. The Company uses this non-GAAP financial measure internally in analyzing financial results and believes it is useful to investors as an additional tool to evaluate ongoing results and trends for the Company.

^(C) Estimates of tax characterization made on a quarterly basis may not be representative of the actual tax characterization of distributions for the full year. Estimates made on a quarterly basis are updated as of each interim reporting date.

Highlights for the Quarter: During the quarter ended December 31, 2021, the following significant events occurred:

- **Portfolio Activity:**

- Exited our investment in Pioneer Square Brands, Inc., which resulted in success fee income of \$0.5 million, repayment of our debt investment of \$23.1 million at par, and a realized gain of \$21.9 million;
- Exited our investment in SOG Specialty Knives & Tools, LLC, which resulted in success fee income of \$2.9 million, repayment of our debt investment of \$8.9 million at par, and a continuing common stock investment; and
- Invested an aggregate of \$37.0 million in various existing portfolio companies through secured first lien debt.

- **Distributions and Dividends:**

- Paid \$0.075 per common share to common stockholders in each of October, November, and December 2021; and
- Paid a \$0.09 per common share supplemental distribution to common stockholders in December 2021.

Third Quarter Results: Net investment income for the quarter ended December 31, 2021 was \$8.4 million, or \$0.25 per weighted-average common share, compared to net investment income for the quarter ended September 30, 2021 of \$2.2 million, or \$0.07 per weighted-average common share. This change was a result of a decrease in total expenses, net of credits, partially offset by a decrease in total investment income, quarter over quarter.

Total investment income during the quarters ended December 31, 2021 and September 30, 2021 was \$16.7 million and \$18.5 million, respectively. The quarter over quarter decrease was primarily due to a \$1.6 million decline in collections of past due interest from portfolio companies previously on non-accrual status as well as a \$0.8 million decrease in dividend and success fee income, the timing of which can be variable.

Total expenses, net of credits, during the quarters ended December 31, 2021 and September 30, 2021 was \$8.3 million and \$16.4 million, respectively. The quarter over quarter decrease was primarily due to a \$5.2 million decrease in the capital gains-based incentive fees in the current quarter, as a result of the net impact of realized and unrealized gains and losses, a \$2.8 million increase in credits to fees from adviser, and a \$0.8 million decrease in dividend expense related to the redemption of the Series E Term Preferred Stock in the prior quarter, which were partially offset by a \$0.8 million increase in interest expense, as a result of the issuance of the 2028 Notes in the prior quarter.

Net asset value per common share remained consistent as of December 31, 2021 compared to September 30, 2021 at \$13.27. The quarter over quarter variations were primarily due to \$20.1 million, or \$0.61 per common share, of net unrealized depreciation of investments, of which \$25.4 million was due to the reversal of unrealized depreciation on exits and \$5.3 million was due to unrealized appreciation of investments, and \$10.5 million, or \$0.32 per common share, of distributions paid to common shareholders. These amounts were offset by \$22.0 million, or \$0.67 per common share, of realized gains on investments, \$8.4 million, or \$0.25 per common share, of net investment income.

Subsequent Events: After December 31, 2021, the following significant events occurred:

- **Significant Investment Activity:**

- In January 2022, we invested \$5.0 million in an existing portfolio company, SBS Industries Holdings, Inc. (“SBS”), through a combination of secured second lien debt and preferred equity. As part of the additional investment, SBS was renamed SFEG Holdings, Inc.
-

- **Distributions and dividends:** In January 2022, our Board of Directors declared the following monthly and supplemental distributions to common stockholders:

Record Date	Payment Date	Distribution per Common Share	
January 21, 2022	January 31, 2022	\$	0.075
February 4, 2022	February 14, 2022		0.120 ^(A)
February 18, 2022	February 28, 2022		0.075
March 23, 2022	March 31, 2022		0.075
Total for the Quarter:		\$	0.345

^(A) Represents a supplemental distribution to common stockholders.

Non-GAAP Financial Measure - Adjusted Net Investment Income: On a supplemental basis, the Company discloses Adjusted net investment income, including on a per share basis, which is a financial measure that is calculated and presented on a basis of methodology other than in accordance with GAAP. Adjusted net investment income represents net investment income, excluding capital gains-based incentive fees. The Company uses this non-GAAP financial measure internally in analyzing financial results and believes that this non-GAAP financial measure is useful to investors as an additional tool to evaluate ongoing results and trends for the Company. The Company's investment advisory agreement provides that a capital gains-based incentive fee is determined and paid annually with respect to realized capital gains (but not unrealized appreciation) to the extent such realized capital gains exceed realized capital losses and unrealized depreciation on investments for such year. However, under GAAP, a capital gains-based incentive fee is accrued if realized capital gains and unrealized appreciation of investments exceed realized capital losses and unrealized depreciation of investments. Refer to Note 4 - *Related Party Transactions* in our Quarterly Report on Form 10-Q for further discussion. The Company believes that Adjusted net investment income is a useful indicator of operations exclusive of any capital gains-based incentive fees, as net investment income does not include realized or unrealized investment activity associated with the capital gains-based incentive fee.

The following table provides a reconciliation of net investment income (the most comparable GAAP measure) to Adjusted net investment income for the periods presented (*dollars in thousands, except per share amounts; unaudited*).

	For the quarter ended			
	December 31, 2021		September 30, 2021	
	Amount	Per Share Amount	Amount	Per Share Amount
Net investment income (loss)	\$ 8,399	\$ 0.25	\$ 2,165	\$ 0.07
Capital gains-based incentive fee	389	0.01	5,594	0.16
Adjusted net investment income	\$ 8,788	\$ 0.26	\$ 7,759	\$ 0.23

Adjusted net investment income may not be comparable to similar measures presented by other companies, as it is a non-GAAP financial measure that is not based on a comprehensive set of accounting rules or principles and therefore may be defined differently by other companies. In addition, Adjusted net investment income should be considered in addition to, not as a substitute for, or superior to, financial measures determined in accordance with GAAP.
